

IBC & SPILL PALLET COVERS

HIGH QUALITY
CUSTOM
MANUFACTURED
PVC COVERS FOR
IBCS AND BUNDED
SPILL PALLETS

Covers are an essential complement to your banded pallets and IBCs.

- Covers are a great way to protect the contents under the cover from light exposure.
- By covering the banded pallet you keep rainwater out and maintain compliant bunding capacity.
- Leaks from punctures will be contained by the PVC cover and directed down into the sump of your banded pallet.
