

50L CHEMICAL VEHICLE SPILL KIT BAG

SpilMax® Chemical Vehicle Spill Kit Bags are ideal for stowing in vehicles in the boot or behind seats. They are also suitable to store in the cabin of trucks or heavy equipment. The strong carry handles allow the bags to be hung on the wall in spill prone areas. This spill kit is light weight and easy to carry.

The absorbents in the Chemical Spill Kit will pick up water, oils, fuels, diesel, coolant, general workplace chemicals, common agricultural chemicals, strong oxidisers, acids, alkalis and caustics.

Spill kit instructions are on the outside of the bin for easy reference.

| SPILL KIT | TOTAL WEIGHT | DIMENSIONS | REFILL |
|-----------|--|--------------------------|---------|
| CHZT1 | 4kg | 0.50mL x 0.50mW x 0.20mH | CHZT1-C |
